## Profile

An experienced and highly capable Web Developer, armed with extensive skills in *XHTML*, *CSS*, *PHP*, *MySQL* and *Actionscript 2*. Experienced in *Adobe CS3* and *WAMPserver* for website, intranet and digital kiosk production.

## Major Achievements

- Actionscript **programming of touchscreen kiosk for Disney Stores** throughout United Kingdom
- Website nominated for **TalkTalk Digital Heroes 2009 award**.
- **Production** of two yearly magazine **cover CD-ROMs for monthly computer magazine**.
- Effective design and production of quarterly **newsletter for 100,000+ customers**.
- Writing of **internet website column** for student union newspaper.

## Certificates

- **Actionscript 3 Essentials Certificate**, from Highlander Training, London

## Employment History

### **2006 – 2009: Web Developer, Sightline, Godalming, Surrey**

Created websites, intranets, content management systems and kiosk software. Used PHP 5, MySQL, Actionscript 2 and Adobe Flash CS3. Clients included Disney, HMV, Ballantines Whisky, Yehudi Menuhin School, Home Office, Communities & Local Government, Watford Community Housing Trust, Vale of Aylesbury Housing Trust, IMG, RugDoctor and QVC.

Websites created either with PHP/MySQL, or using static XHTML/CSS markup. Browser testing employed to maintain consistency across different platforms. WAI/Bobby accessibility testing. JavaScript libraries such as jQuery and bespoke solutions employed to perform further interactivity within web pages.

## Client Examples

- [www.wcht.org.uk](http://www.wcht.org.uk) – site created using Adobe Dreamweaver CS3, developed within the WAMP environment. Bespoke content management system maintains content, imagery, documents. Intranet developed using same software, under constant revision from staff feedback.
- Ballantines Whisky Kiosk – kiosk software for large installation to be transported between airports across Europe. Software used webcam to allow users to take pictures, and then manipulate the image onscreen, followed by facility to print pictures on glossy postcard paper for competition entry. Software developed using Actionscript 2/PHP combination. PHP and ImageMagick used to manipulate bitmap imagery, and prepare output for printer.
- [www.yehudimenuhinschool.co.uk](http://www.yehudimenuhinschool.co.uk) – site created using Adobe Dreamweaver CS3, developed within WAMP environment. Website consists of portals for staff, students, and parents, accessible via login. Users can then access blogs, and other content. Site markup produced to within accessibility standards. jQuery and TinyMCE JavaScript libraries enabled further interactivity and ease of use in adding, editing and deleting content for staff. Premiumsoft Navicat used to maintain databases.
- **On-site training of client staff in using bespoke content management systems. Also providing telephone based support** to clients.
- Development and maintenance of **CD-ROM projects** using *Adobe Director*.
- Production of *Adobe Flash applications, animations and presentations, using Actionscript 2*.
- Design, development and testing of **mixed-media websites** using *Adobe Dreamweaver*.

**2003 – 2005: Webmaster, eCosway.com Sdn Bhd, Kuala Lumpur, Malaysia**

- *Coldfusion/MySQL website development and administration, using Studio MX 2004.*
- **JSP & HTML website development**, employing *XHTML* and *CSS* standards.
- Production of **quarterly newsletters** and **monthly flyers** using *Adobe Illustrator CS*.
- **Web domain administration** and research of potential technologies and services.

**2001 – 2003: Multimedia Technologist, Kinetics Interactive, Kuala Lumpur, Malaysia**

- **CD-ROM authoring and design** using *Macromedia Director* and *Adobe Photoshop*.
- **Training CD-ROM authoring** using *Multimedia Toolbook*.
- Online **editing of corporate videos**, using *Adobe Premiere*.

**2000 – 2001: Web Designer, Medix UK plc, Steeple Morden, Hertfordshire**

- Website design and maintenance using *Macromedia Dreamweaver/Fireworks*.
- Production of **web-based questionnaires** for completion by customers.

**1999 – 2000: Web Designer, 5emedia Ltd, Bedford, Bedfordshire**

- Maintenance and graphic design of client websites using *Adobe GoLive* and *Photoshop*.

**1998 – 1999: Webmaster, Tau Press Ltd, Macclesfield, Cheshire**

- **Webmastering** and graphic design of company and product websites.
- **Editorial production and writing of articles.**
- CD-ROM authoring.
